The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. Last Friday at her home near Bush Grove Plantation Mrs. J. Edmund Thibodaux passed from this life, having reached the ripe old age of 90 years, 7 months and 11 days. The funeral took place Saturday afternoon at 5 o'clock at St. Joseph's Catholic church.

The deceased leaves seven children to mourn her loss.

We have heard it rumored that Mr. Camille Naquin, contemplated buying the dairy of Mr. Thomas Guillot, his father-in-law. Mr. Naquin, has for years occupied the position of head clerk in Mr. C. O. Dantun's grocery store on Canal Street, and in attending to the duties of his post made many friends, whose good wishes will follow him in his new venture.

Mrs. Sylvère Chiasson, née Adam, died last Sunday at 3 o'clock p. m. on the Rienzi plantation, aged 26 years. Her funeral took place Monday afternoon from the Church of Notre Dame de Prompt Secours in Chackbay and her mortal remains were laid to rest in the grave yard near the church. She left a husband and small child, a father and other near relatives to mourn her untimely death.

Immigration is on the increase in Louisiana. Capital is seeking investment within our borders. Daily the arrivals of prospectors are chronicled in various parts of the State. One of the latest comes from Marksville, in Avoyelles parish. A dispatch from that point under date of the 11th, inst. says:

Some fifteen or twenty bankers and capitalists from the North are on a visit to this town, reaching here on a special train last night at 10 o'clock. Among other places they visited today was the tract of 10,900 acres recently purchased by a Northern syndicate, and now in rapid process of improvement by a large force of hands.

If reports are true, editor Joel Moody, of the Republican Idea, of Abbeville, is finding fault with President Roosevelt for appointing our good friends, the Lily Whites of Louisiana, to federal offices. We trust the President will give no heed to Brother Moody's plaint, and will continue to appoint the Lily Whites to office, and keep them there. They may not be simon pure Republicans, but they profess to be able to give us a white Republican party in the State, and, while we believe they are engaged in chasing an ignis fatuus, we confess to an academic interest in the experiment, and desire to see it fairly tried.

One of the noteworthy events of the local theatrical season was the presentation of Paul Leicester Ford's "Janice Meredith" by Wm. Bonelli and Miss Rose Stahl. The play is well known throughout the country, in fact, from its first appearance upon the boards it was popular, having been ushered in by the author's famous novel of that name.

Wm. Bonelli as Charles Fownes the bondman, who afterwards turns out to be John Brereton, gave a masterly impersonation of that character.

Miss Rose Stahl's Janice was realistic; she seems to have mastered every shade of meaning in the text and her interpretation was natural and graceful. The support furnished by their company was strong and very satisfactory, there being no noticeable weak feature in it.

The audience which witnessed it was highly pleased with the treat that had been afforded them.

A Wise Woman.

Managers Auslet and Gibbs in form us that they are negotiating with the managers of "A Wise Woman" for the night. He says there is very little chance for such a company having a date open. No matter, let them know we are on earth. We may catch them on their return. You must remember, 'twas wind that made Chicago. Keep blowing your horn.

The Geo. W. Scott Stock Co. held full sway on the boards at the Thibodaux Opera House during the week, and gave general satisfaction to all who attended the performances. The company opened its engagement here last Sunday night with "The New Married Man." On Monday it delighted the play-goers with "Soth after the War," and on Tuesday the attraction was "A Man of the People," which was well received by the audience. On Wednesday "What Happened on Friday" was presented at a matinee, and in the evening "Little Lord Fauntleroy" held sway. On Thursday and Friday, respectively, were played "A Family Affair" and "Jesse James." This afternoon "Little Lord Fauntleroy" will be played at a matinee and to night the company will close its present engagement by a minstrel show.

Mr. Scott takes the title rôle in all of the plays, and in every case acquires himself with credit; he is supported by a company of competent actors, and the ensemble fails not to satisfy the audience.

Mr. Scott fulfilled a successful engagement here last year and the public knew what to expect from his company from its past performances and it has not been disappointed this time.

A Beautiful Spectacle.
People are beginning to talk about the forthcoming production of "Alice in Wonderland" to be given at the Opera House on Nov. 30, and Dec. 1, 1902, for the benefit of Mt. Carmel Convent. Two hundred and fifty magnificent costumes, elaborate properties, scenery and light effects will be used.

Messrs. F. B. Hull, of Jackson, Miss. and I. N. Bexter of New Orleans, were in town last week in the interest of the Pauly Jail Company which is now engaged in remodeling the parish jail. They bid for a contract to furnish the jail with a condemned cell but the Jail committee deferred the matter until the next regular meeting of the Police Jury which will be held in January.

Work on the jail is fast nearing completion and it has been greatly improved, the interior has been completely remodeled and it now presents a comfortable appearance in comparison to what it formerly did. The Police Jury certainly did a humane act when it contracted for the improvement of the Parish jail. Let it now appropriate some funds for the repair of the court house, for decay is fast gaining hold and if allowed to go unchecked much longer, Lafourche may have to relinquish her boast of having one of the prettiest and most substantial court houses in the State.

A chain is no stronger than its weak point, hence a man cannot rise higher than his character. If his be weak, vacillating, and shifty he counts for little in the estimation of the world. If on the other hand it is made up of strong tissue, forceful determined and aggressive he plants himself before his fellows in an attitude that commands universal respect. The light and frivolous are the humming birds who merely scent the flowers; the strong and forceful are the bees that penetrate the petals of the flowers and extract therefrom all of the sweets.—Avoyelles Blade.

THE AX FALLS IN ALABAMA

And Other Lily Whites There Stand in Fear of Decapitation.

Julian H. Bingham, Collector of Internal Revenues for the District of Alabama, a recent appointee of President Roosevelt, has been kicked out of office, for reasons stated by Postmaster General Payne as follows:

"The change in the office of Collector of Internal Revenue for the District of Alabama in no wise reflects upon the integrity or ability of Mr. Bingham, the incumbent of the office. It is one of those things which occasionally happens in politics. The position taken by the Republicans of Alabama at their recent State Convention as understood by the Republicans of the North is looked upon as a perversion of the fundamental principles of the Republican Party, and Mr. Bingham is, in a measure, held responsible for that action; hence the change."

"Neither the Administration nor the Republican Party of the North will stand for the exclusion of any section of our people by reason of their race or color, when in other respects such persons have complied with the laws and are eligible under the law to full and free participation in political action, and are of a high standard of personal character. In other words, there are now a hundred colored men in Alabama who come up to the requirements of the recently-adopted State Constitution, and are eligible for participation in political affairs, and the action of the Republican Convention referred to in arbitrarily excluding them is not approved, no more than such action would be approved if it were taken in Ohio or Indiana."

A Washington dispatch adds:

"The direct cause of Bingham's removal, it is said, was the protest of negro delegations which called on the President from Northern and Southern States."

It is said that three other high Federal officials in this State are slated for decapitation in pursuance of the President's policy of punishing the white Republican leaders of Alabama. To further emphasize his position it is understood that Roosevelt will have a negro appointed chief deputy clerk in the office of Internal Revenue Collector, and will place negroes in other subordinate Federal positions in this State."

Sugar House Burnt.
The sugar factory of Messrs. Naquin & Roussel, situated on the right ascending bank of Bayou Lafourche, at a short distance above Labadieville, in Assumption parish, was completely destroyed by fire. A report obtained that the fire started in the sugar maker's room in which a lighted lamp was left, and it is supposed exploded. This rumor, however, we have been unable to verify, and give it for what it is worth.

The contents of the sugar boxes were also lost, and while there was some insurance, it is far from sufficient to make good the loss sustained.

Charley's Aunt And Jane.
reaped a rich harvest from their American tour and certainly took their audiences by storm. There seems to be more finish to comedies written by English authors. And, by the way, "A Wise Woman" was first produced at the Strand Theatre, London, where it had a phenomenal run of 238 nights, and was the hit of the season. They come high, but we must have them.

Stop, Look, and Listen.
Last Monday the Supreme Court of the State rendered a decision in which it again reiterated the doctrine that on approaching a railroad crossing one must "stop, look, and listen" to satisfy himself that there is no danger from an approaching train, before he ventures to cross. The rule is thus stated in the syllabus of the case:

1. One who reaches a railway crossing on a public highway is under the duty to stop, look and listen, and, if a train be approaching, it is his further duty to so act as to minimize the danger and insure his safety, if possible, under the circumstances and conditions then confronting him. 2. The party who has the last clear opportunity of avoiding an accident must, notwithstanding the negligence of his opponent, avail himself of that opportunity. 3. The greater the difficulty of seeing and hearing the train as he approaches a crossing, the greater caution the law imposes upon the traveler.

The voter who is past sixty years of age, is exempt from the poll tax qualification for voting, and is not bound to pay the tax.

Lafourche Lands.

The following item of interest to our people appeared in last Sunday's Picayune:

"Mr. W. H. Junk, of Dixon, Ill., President of the Golden Meadow Development Company, and Mr. E. F. Thomas, of Mount Morrison, Ill., one of the directors of the Company, arrived here yesterday, after a visit to the Company's lands in Lafourche Parish, and put up at the Hotel Deschamps."

The Company owns a tract of 25,000 acres in Lafourche Parish, which was acquired several months ago. This is not under cultivation now, but they expect to have it planted and producing rice by next season. The entire tract will be devoted to the cultivation of rice. The present trip of Mr. Dixon and Mr. Thomas was made for the purpose of acquiring 160 acres as frontage on Bayou Lafourche. They expect to begin work early next year on an irrigation canal, and they will also need the bayou frontage for transportation purposes. They recently bought a dredgeboat for the canal work. Mr. Thomas and Mr. Junk were appointed a commission to make the purchase of the frontage tract.

The Company is capitalized at \$200,000. By next season it is expected that rice will be under cultivation in two sections of the big tract.

STATE OF LOUISIANA,
PARISH OF LAFOURCHE.
Before me, the undersigned notary public, duly commissioned and qualified, in and for the parish of Lafourche and State of Louisiana,
Personally came and appeared, Victor Sposito, a resident of the parish of Lafourche and State of Louisiana, who, being first duly sworn according to law, deposes and says:

That he is a member of the firm of Lusignan & Sposito, composed of Clotvis Lusignan and Victor Sposito, your deponent, with John Guyot, also of the parish of Lafourche and State of Louisiana, said firm doing business under the name and style of American Bottling Works, and that the said firm is engaged in the manufacturing, bottling, boxing, shipping, selling and delivering seltzer, mineral waters and pop in bottles.

That in the bottles in which the said seltzer, mineral waters and pop are placed for the purpose of selling to their various customers, there appears stamped, molded or blown in said bottles in raised letters the following mark or device:

A. B. C. Thibodaux, La. within a circle also blown in the bottles.
That upon all the boxes used for the purpose of shipping the said pop and mineral waters, there appears stamped, the following mark or device: A. B. C. Thibodaux, La.

That the said stamps, marks and devices have been adopted by the said firm and used for the express purpose of distinguishing and marking their pop and mineral waters made and manufactured by them and of assuring the purchasers thereof of the superior quality of the pop and mineral waters made by the said firm, the said marks being well known to the trade and are therefore of great value to the said firm.

Deponent further says that this affidavit is made, filed in the Clerk's office of the parish of Lafourche and published, for the purpose of complying with the provisions of Act No. 129 of the General Assembly of the State of Louisiana, approved July 9th, 1896, making it a misdemeanor, and unlawful, and subject to a fine or imprisonment for any person to use the device or mark adopted by any other person for the purposes and uses as herein set forth, and for the further purpose of protecting both their customers and business.
